

# EMERGENCY MANAGEMENT EMPLOYMENT OPPORTUNITIES

MARCH 18, 2024

In January 2007, Joe Saleh created an Emergency Management Opportunities (EM Ops) Yahoo Group to inform the community of interest about EM employment opportunities. Over the years I have subscribed to various job boards and as I received EM employment opportunities, I created a report distributed weekly via email.

If you have questions, please don't hesitate to contact us. Thank you.

## Needed: More Imagination For Countering Domestic Risks by Jeanne Benincasa Thorpe

Jeanne Benincasa Thorpe argues that to positively transform the homeland security and emergency management fields, leaders must encourage and promote imagination and creative pursuits. In this Domestic Preparedness article Thorpe calls for institutional leadership to embrace change and new technology such as AI for applications in emergency management and other public safety agencies. She weighs the potential risks to privacy and the need for responsible data processes. Thorpe explains the need for a professional culture where staff are permitted to solve problems with creative solutions by responsibly apply new technologies, like AI, to benefit homeland security and emergency response efforts.
